"I was skeptical this would be just another repetitive "Covey Corporate Training" with only one or two takeaways. Well I'm happy to say this was much more and was one of the **most refreshing and best 4 hours spent during our 4 day meetings** in Miami. To be honest, this would have been only better if we had more time. I have many take aways and Den more than delivered. "The event was a complete success! ***I have never seen a team so engaged – they truly had a great time.*** They built on relationships and trust and had fun doing it! All the feedback has been positive. Den did an outstanding job – he is really great at what he does. In addition to that, I really liked the (two staff) that came to assist him – they were personable, a lot of help, and fun to be around, too. Many thanks to you and your staff in helping me coordinate our Team Building Event here in Newport News."

"I just wanted to take a moment to express my gratitude to you. Planning a week-long conference for 300 people can become pretty stressful. Starting off that week with an event I had never done before, a company I had never worked with before, and having to move everything to an indoor location at the last minute all added a little bit of extra stress.

When the morning came, Den took control and began the activity. From the moment Den began, ***it was obvious he knew what he was doing and knew how to deal with crowds of that size.*** He didn't miss a beat no matter what was thrown his way, and operated throughout the whole day with confidence, patience and class.

From my perspective, the whole group seemed to thoroughly enjoy the competition, activeness and overall landscape of the event. ***Watching it all unfold slowly eased any tensions I had developed up until that moment, and I was able to enjoy the afternoon as well without the added stress.***

I would like to offer a big "thank you" to Den and his staff. The day truly went far better than I could have imagined!"

“We had Den Bradshaw in to do a training with our division this summer. ***This event was a company-wide hit! It was so much fun. Teams were laughing, talking, strategizing and generally having a great deal of fun.***

Our competitive group passionately fought to beat each other and cheered loudly for those brave enough to actually get in the water. As I looked around the room during the activity every single employee was engaged in some way - some were building boats, some were creating marketing material and some were negotiating for better prices of materials, but everyone was doing something! It was really amazing to see every single person working hard on their team.

Den did an excellent job keeping our loud group engaged and moving forward. The event was serious and light all at the same time and put folks together in teams that wouldn't generally work together.

Best of all this event received our highest evaluations of the entire 4 day meeting. I would highly recommend you to any group looking for a good time in team building.”

– Tammi R., Vice President

“Everyone is still raving about the day! I can't thank you enough for such a fun and unique experience. I've already spoken to our HR department and let them know that we highly recommend you.

Executing an appealing and memorable team building activity for a group of type A personalities is always a challenge. Wanting to alleviate some of the pressure, we outsourced the planning and hoped for the best. I'm thrilled to say that this choice was fruitful. Right from my initial call, I was assured that your methods went beyond cookie cutter options and that you would cater to my group's needs for our nationwide offsite.

The level of responsiveness and professionalism really set you apart from your competitors. Den did a great job engaging the group and really brought us to life. His enthusiasm and charm really resonated with the team and awoke our competitive spirits. Our offsite's purpose was to create a sense of unity between all our offices and our goal was achieved, if not surpassed. ***I would highly recommend you to anyone seeking an exciting and unique way to build team cohesion and have a good time doing it.***”
